- Note:**
1. Direct seeding mixes can be prepared in consultation with the landowner. Cost: \$750 per kg. The usual rate for direct seeding is 1.5 kgs per hectare.
 2. A handling fee of \$2.00 per seed lot applies. Cost of postage will also be charged, if it is required.
 3. Seed requiring pre-treatment for germination will be clearly labelled with instructions.
 4. Orders should be placed as early as possible in advance of the seed collecting season.
 5. The availability of seed is subject to successful harvest and cannot be guaranteed.
 6. Prices listed are for cleaned seed. For some projects, a rough, first-cut clean may be appropriate. This seed will be sold, on application, at significantly reduced prices.
